

Carsington Fishery Report

13th May 2013

Another busy week for the fishery with a whole mixture of weather conditions from bright still days to blustery wet conditions midway through the week. Although this didn't put off many brave souls who had a great day fishing despite the weather.

Don Stazicker one of our casting instructors used the windy conditions of Thursday to shoot a short film giving advice on fly casting in windy conditions. Take a look, it might help to make those windy days a little more successful.

Helpful hints on Fly Casting in High Winds

Another fine catch!

Rod Average

The rod average for last week was 6.06 with 570 fish caught by 94 anglers.

Best Rainbow/Brown

The heaviest rainbow this week was 4lbs 8oz caught by John Mathews.

Top Spots

The top spots this week have been Shinningford creek, Osprey towers and brown ale bay, halfmoon field, fishtail creek and Upperfileds bay.

Method & Flies

The most popular fly patterns used this week have been nymphs, buzzers, hares ears, black fritz, orange booby, hot head damsel and gold head montana. Mostly intermediate and floating lines have been used this week.

Casting Lessons for Beginners

We have our first casting lesson for beginners on Sunday 19th May. This is a great way to get into fly fishing for the first time. It is a 2 hour session and all the equipment will be provided. The cost is £30.00 per head and must be booked in advance; just give the centre a call to book a place.

Boats can leave the jetty from 8.30am

All boats are back to the jetty by 8.30pm

Please allow a few minutes to return from your fishing spot

Please note that Carsington is a boat fishing water only. It is advisable that boat bookings are made in advance to avoid disappointment. Discounts are available for bookings of 5 or more boats.

Bookings taken by telephone on 01629 540478 or email flyfishing@carsingtonwater.com
