Ex Hire Bonwitco Fishing Boats.

We have a number of Bonwitco 'troutfisher' dromedile fishing boats for sale. These boats have been used on a freshwater water reservoir for trout fishing. The boats are 15.5 ft long and as people who have used them will know an excellent boat for fishing ponds, lakes and sheltered coastal waters. The boats have only been used on freshwater and have a number of defects that need to be addressed to bring the boat back to a good serviceable condition. A number of areas need fibreglass/gelcoat repairs and the boat feels heavy so would suspect water ingress from somewhere. As they are a fibre glass boat it should be straight forward to repair for someone who has the time. Trailers are not included in the sale. Boats can be viewed by arrangement.
