Carsington Trout fishery

Fishing Report 17th August 2015

A calm start to Sunday morning

Water temperatures have increased this week. However some fishermen have had some good returns using dries when the weather permitted. Sunday saw a flat calm day with both Mr Lindsay and Mr Nixon landing 11 fish each to the boat.

The weed beds are starting to extend near to sheepwash and tower bank hence moving the fishing further out along that shoreline.

Rod Average

The rod average for this week was **2.2** with 117 fish caught by 54 anglers.

Best Rainbow/Brown

The heaviest rainbow was 3lb 4oz caught by Mr Neale
The Heaviest brown caught was 3lb caught by Mr Topping

Top Spot

Popular areas this week have been drifting across the main basin towards Fishtail creek and Stitch Plantation. Anglers are now moving out into the deeper water as the water temperatures rise.

Methods & Flies

The most successful patterns were Montana, Crunchers, Sedgehog, White/Brown Minkies, Hoppers, Cats Whisker, Bibio, Shipmans Buzzer.
Most anglers have used intermediate and floating lines.

Catch Returns

Please help us by completing your catch return with as much information as possible. It's great to hear about the methods you are using, flies which have caught and the areas that you have fished. New anglers will be very grateful for this information.

Please help us keep the boats clean

To help us keep the boats clean for the next angler please ensure all your rubbish is taken out of the boat and please clean your anchors before returning them to the boat.
Thanks for your cooperation in advance, fishery staff.

Carsington Open Competition
