

Carsington Fishery Report 26th August 2013

Another good week, fish are still being caught in deeper water and a lot of them have been over 3lbs in weight. Don't forget we still have evening fishing available until Sunday 1st Sept.

Rod Average

The rod average for this week was **2.20** with 112 fish caught by 51 anglers.

Best Rainbow/Brown

The heaviest rainbow this week was 3 ½ lbs caught by Mr J Matthews in deep water on a booby.

The heaviest brown was 2lbs 6oz and caught by Mr P Pearce on a montana at the North End.

Top Spots

The most successful areas have been in the deeper sections of Stitch Plantation, Fishtail creek, Millfields, North End and drifting from the east side towards the middle of the reservoir around buoys 4,5 & 6.

Method & Flies

The most successful patterns are cats whiskers, red booby, green & black fritz, minnow and hot head damsel.

Sinking lines have been a must this week. The fish are most certainly deep in the cooler water. Bright and sparkly fly patterns are also helping to entice the fish out of the weed beds.

Fishing For Heroes Competition, Saturday 12th October 2013

National Still Water Regional Heat at Carsington Water

Please contact us if you are interested in fishing this pair's match to help raise money for a great cause.

The cost is £60.00 per pair plus a minimum of £50 sponsorship from each competitor.

A number of boats have already been booked.

Early closing on Wed 28th August.

Please note on Wednesday the 28th August we will only be fishing until 7pm instead of our normal 8pm finish for this week.

Boats can leave the jetty from 8.30am

All boats are back to the jetty by 8.00pm

Please allow a few minutes to return from your fishing spot

Please note that Carsington is a boat fishing water only. It is advisable that boat bookings are made in advance to avoid disappointment. Discounts are available for bookings of 5 or more boats.

Bookings taken by telephone on 01629 540478 or email flyfishing@carsingtonwater.com
