Fishing Report 27th March 2017

It's certainly been a testing week for the hardy anglers that braved the blustery cool conditions last week. Most anglers were still successful in catching by gaining shelter from the conditions on the east bank. Now that the clocks have changed we will be fishing until 7pm this week and later as the season progresses.

Rod Average

The rod average for this week was **4.73** with 303 fish caught by 64 anglers

Best Rainbow/Brown

The heaviest Rainbow was 3lb 9oz caught by Phil Harding on an orange lure at the north end.

The heaviest Browns were 3lb caught by Ian Berkoff on a viva.

Top Spot

The most popular spots have been around North End, Hall Wood, Fishtail Creek and Millfields.

Methods & Flies

The most successful patterns were both wet and dry flies including viva, orange lure, black & green lure, black fritz, montana, hot head damsel, cruncher, black buzzer, Boobies, cats whisker and dabbler. Intermediate and sinking lines have all been used this week.

Save up to £30 on our permit offers

Just a reminder that we do offer a discount on Full day and Concessionary day permits if you commit to purchasing 10 at a time. There is a saving of up to £30, well worth it for those anglers who fish with us on a regular basis. The only condition is that they must be used within the season they are purchased. Ask reception staff for more details.

Fly Fishing Triathlon

Great to be supporting Ben Fox with the last leg of his Fly Fishing Triathlon in May. Ben will fish the bank at Kilnsey Park, fish the river Colne and then finish by boat fishing on Carsington Water.

See more details by following the link, he's raising money for a great charity, Young Minds.

Ben's goal was to raise £500 for the charity, he has already reached his goal and has raised over £800. Let's help him to double his goal and raise £1000!
