Fishing Report 3rd October 2016

A good haul by Brian Shields on Monday

This week fish have been caught both deep and near the surface. There is still a noticeable lack of fly life over the water but cooler water temperatures have helped to make the fish more active. With a healthy increase in the rod average, weather permitting there should be a healthy amount of fish caught on our Autumn Open Day! We are down to our last couple of boats for the Autumn Open on the 8th October. It's looking like it will be another fully booked event so don't miss out!

Rod Average

The rod average for this week was **4.96** with 283 fish caught by 57 anglers.

Best Rainbow/Brown

The heaviest Rainbow was 4lb caught by Mr Maye
The heaviest Brown was 3lb 8oz caught by Mr Daniels

Top Spot

The most popular spots have been around buoys 4 and 5, Dam wall, Fishtail Creek and middle of the reservoir

Methods & Flies

The most successful patterns were both wet and dry flies including Boobies, Hot Head Damsels, Orange Blob, Montana, Claret Bumble, Ace of Spades
Floating, intermediate and sinking lines have all been used this week.

Pictures

It's good to be able to feature those great catches on our weekly reports.
Please don't hesitate to email photos of your catch to flyfishing@carsingtonwater.com. Remember to note your name, weight of fish, fly used and area caught.
