

Carsington Trout fishery

Fishing Report 6th June 2016

Idyllic weather and favourable water temperatures are leading to some great fishing!

Strong northerly winds on Tuesday and Wednesday curtailed any fishing on those days with the boats having to be moored away from the jetty! The end of the week more than made up for it with good returns. Buzzers coming to the fore on Saturday and Sunday as well as Montana's, Damsels and Nymphs. It's great to still be seeing lots of double figure returns from lots of our anglers.

Please note we are fully booked for this Thursday 9th June.

Rod Average

The rod average for this week was **7.07** with 608 fish caught by 86 anglers.

Best Rainbow/Brown

The heaviest Rainbow was 5lbs caught by Mr Roberts
The heaviest Brown was 3lbs caught by Mr Pearce

Top Spot

The most popular spots have been Fishtail Creek, Millfields, Upperfields and the watersports island

Methods & Flies

The most successful patterns were Black Buzzers, Damsels, Nymphs, Cats Whisker and Montana. A whole range of methods have proved successful this week!
