## Fishing Report 7<sup>th</sup> September 2015

*Mr Vahey with a nice 2 lbs 8oz blue trout which landed in the boat!*

Once again the east side of the reservoir provided the best returns this week with Mr P Pearce landing 20 fish to the boat on Saturday using a pink snake on an intermediate line. Drifting between bouys 4,5 and 6 around the mouth of fishtail creek being the best tactic. Several anglers have managed to catch using daddies on floating lines.

### Rod Average

The rod average for this week was **2.98** with 158 fish caught by 53 anglers.

### Best Rainbow/Brown

The heaviest rainbow was 3lb caught by Mr Shreeve

The heaviest brown was 4lb caught by Mr Parker

### Top Spot

Popular areas this week have been drifting across the main basin towards Fishtail creek. Millfields Bay has also proved popular.

### Methods & Flies

The most successful patterns were minkie, black or orange blobs, green or black fritz, hot head damsels, cats whisker and dries

There has been a real mix of lines used this week from floating on a drift to sinking with a slow retrieve.
